

# THE "PERSONAL CHOICES AND YOU" SHOW

Featuring Mark Wade, "The School Show Professional"®

THE GOAL OF ALL EDUCATORS IS TO HELP CHILDREN GROW TO BE WELL-INFORMED, PRODUCTIVE CITIZENS. That's why making good personal choices are vitally important, not only today, but in the future. With television touting terrible behaviors such as bullying, lying, being disruptive and other ills through their "reality" shows, the effects of these programs are spilling over into our schools. MARK WADE WANTS TO ADDRESS THESE PROBLEMS with his all-new "PERSONAL CHOICES AND YOU" show.

By using entertainment and combining laughs with learning, Mark utilizes comedy, audience participation, ventriloquism and his knowledge as a former teacher to get important points across, such as:

1. Bullying by ANYONE is unacceptable
  2. Computers should be used for positive, productive things
  3. Having a good "inner compass" to guide you is important
  4. It's OK to show good character traits such as patience, respect, self-control, responsibility and determination
- .... and that's just for starters!

This 40-minute program features great learning for Pre-K through Grade 6, and comes with its own sound system, backdrop, tables and props. The cost is \$400 - 425, depending upon your school location. There are no additional fees or mileage charges. **CONTACT MARK TODAY**...he's as close as your phone (614-551-8842) or email (markwade@kidshowvent.com).
